

#1 Event Registration and
Team Management Platform

CHAMPIONSHIP QUALIFIER SYSTEM

Automated. Seamless. Powerful.

Meet Directors can use Athletic.net to monitor official results from multiple events and automatically advance qualifiers to the next round of competition. Equipped with tools designed specifically for the sport, you will reduce the stress and headaches of coaches, officials, and athletic directors attempting to quickly type in their qualifiers and send them on to the next level.

Live Results

Gather results directly from the source as meet directors and timers upload official results during their event or directly afterwards.

Qualifier Advancement

Effortlessly advance all official qualifiers from any number of meets on to the next meet. Easily customize your qualifying guidelines.

Manage Official Entries

Easily scratch or add qualifiers, make adjustments to accepted numbers, or review official entries as they come in.

Athletic Directors are amazed at how Athletic.net helps

What happens when an athletic director or coach, who is arriving home late from their region meet, is required to sit down and type into a form the qualifiers from their team that will be going on to the next round? Over and over again this produces misspelled names and errors in qualifier placing. As well seed marks that are manually typed in cannot be fully verified unless you have a set of eyes review each and every single submission!

We can help simplify things. Using the championship qualifying system on Athletic.net will guarantee that 100% of the athletes advanced into the next meet come directly from the Official Results of the

previous meet. You simply set up your qualification rules (ie. Top 3 individual placers and Top 2 relay teams from each event) and you are all set to go! With one click, every qualifier from the entire meet is advanced to the next meet.

Need to also advance any athlete who met or exceeded a qualifying mark at the meet? You can do that, too! The system is flexible and designed to seamlessly move qualifying places and marks on to the next meet as entries, ready to be downloaded in the format of your choice. This enables you to get your championship meet program completed quicker and off to print in record time and with much less stress!

Clients Using Athletic.net for Championship Registration

Official System for all USATF Youth Championships:
150+ yearly meets
