

#1 Event Registration and Team Management Platform

ONLINE MEET REGISTRATION

Easy Setup. Save Time.

Collecting entries easily is a key to hosting a successful event. Meet Directors can use Athletic.net to invite teams, customize registration, and collect entry fees to provide a well managed event for all teams and participants.

Invite Teams

Invite teams back and grow your meet with a single click. Meet Directors can also restrict a meet to only allow specific teams to join.

Customize Registration

Select from ready-made meet templates or create your own meet setup and entry limits. Open registration in just minutes.

Collect Fees

Invoices are automatically created, payments are deposited directly to your bank, and the paperwork is completed for you.

Go to www.athletic.net to open a free-forever account and get started. Learn more on the back.

Coaches love it when hosts use Athletic.net for meet registration.

We provide a suite of tools to make life simple for meet hosts. Start by setting up the proper race divisions for coaches to enter athletes into, and then invite teams to join your meet. Then sit back as we collect meet entries and charging entry fees for you, according to your own

guidelines. When everything is ready for the meet, download all the entries into your preferred software and run your meet! Come back afterwards to upload results for all to see. All of this saves countless hours of paperwork for both you and your attending coaches.

The Leader in Meet Registration

As the most used High School meet registration system, we have collected a total of 7.1 million entries online just in the last year, accounting for 11,722 meets. That places us in the #1 spot in the nation!

Our meet setup and management tools allow meet hosts to easily and efficiently:

- Email attending coaches
- Collect entries online from coaches
- Collect entry fees online
- Download entries in formats compatible with popular meet managers
- Quickly post results for quick access by parents, coaches, athletes, and fans

Advanced Features Available for Site Supporters (\$95/Season)
